

# Presentation :: Radu Bogdan Rusu

Radu Bogdan Rusu

Intelligent Autonomous Systems  
Computer Science Department IX  
Technische Universität München

July 20, 2006

## Past

30 by 20 cm

## Present

80 by 160 cm

<http://www9.cs.tum.edu/people/rusu/> | <http://www.rbrusu.com/>

Robotics, Machine Learning, Sensor Fusion, Ubiquitous Computing

## Current Projects

Player/Stage

AwareKitchen

Cogito

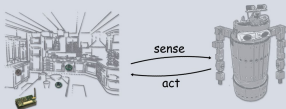

Javaclient2

## Research Problems

- models of everyday activities (ADLs) using WSNs
- motion blueprints for robotic manipulation
- machine learning for plan-based robot control
- helping the robots take over the world (see the Player/Stage research abstract ;)
